Impact Analysis Report for Governing Body on Physical Education Grant

(Academic Year 2017-2018)

The school was allocated £14, 218 for the 2017-2018 academic year. Money was allocated in the following ways:

- To ensure that every pupil in school can do sport with a specialist on a regular basis - £2350
- To ensure that all staff have regular CPD in PE with a specialist to improve the quality of PE provision - £2500
- Membership of the Boston Area Sports Development Partnership to provide regular competition between schools in a variety of sports and CPD for staff. Access to initiatives such as Change 4 life and Legacy Challenge - £2400
- To support provision for swimming - £1500
- To fund a sports apprentice for four days a week - £5,468 (some of expected duties listed below):
 - Support the delivery of P.E. and school sport
 - Help select/train teams
 - Run/assist with lunchtime/after school clubs
 - Run Change 4 Life clubs
 - Assist with competitions and School Games
 - Mentor groups of more able/less able
 - Organise P.E. notice boards
 - Take charge of P.E. cupboard and apparatus

The aims for spending were as follows, with the impact of this in red italic text:

- To aim for the School Sports Gold Mark

This aim was achieved. The criteria can be seen on the website for School Sports but after a review by our local sports co-ordinator, the school was awarded the Gold Sports Mark.

- To increase participation in physical activities. To increase opportunities for competitive sports for all children.

48% of young people at the school were engaged in leading, managing and/or officiating our school games activities. 100% of Key Stage 2 pupils had taken part in a sporting competition by July 2018. Two teams qualified for the county School Summer Games event and the school took part in a number of events including those during school time and out of school hours.

- To fund a sports apprentice for four days a week

This aim was achieved – our Sports Apprentice, Mr Moxon had an excellent year. He passed his apprenticeship and may look to go on into teaching in the longer term. The school has kept Mr Moxon on for 2018 -2019 as a teaching assistant with Sports responsibility.

- To increase the number of pupils from Key Stage 1 accessing after school sports provision.

Football club, Multi-skills and other clubs were very positive and well attended with a total of 40 pupils from Key Stage 1 registered for these clubs (including some cases where the same pupil attended more than one club). This was in line with previous year.

- To make the physical education curriculum more inclusive. To increase awareness amongst the children of the dangers of obesity and other conditions that undermine children's health.

Pupils attended Change 4 Life training and festivals. The school training session for Change4Life took place and clubs were run by Change 4 Life leaders for over 20 younger pupils across the year. These pupils then had the opportunity to attend sports festivals. Children with additional needs participated in many after school sports clubs and tournaments/festivals.

- To develop links with other schools through PE and sporting competition.

The school has taken part and been successful in a number of events, leading to the accreditation of Gold Sports Mark. We were winners in boys' and girls' Cross Country event, we participated in the Football League and a number of competitive events. Sports competitions, tournaments, development sessions and clubs provided through the Sports Premium are listed below: Cross Country, Inter House Competition (Netball and Rugby), Football, Orienteering, Netball, Tag Rugby, Tri-Golf, Rounders, Tennis, Gymnastics, Swimming, Athletics and Boccia.

Registers for these clubs show that pupil participation was over recorded over 900 times, which is twice the amount from the previous year. Many of these were for children in Years 5 and 6 participating in more than one event, but there was also an increase in participation for pupils in younger year groups.

Development sessions were put on in partnership with the school in order to provide the opportunity for children to try new sports. All children were encouraged to register an interest to take part.

Teachers fed back that the Team Teaching sessions with JB Sports helped them provide better PE lessons, in particular strategies for gymnastics.

2018 – 2019 Funding

Funding for this academic year has been set - the school has been allocated £14,597. The aims for spending are as follows:

1. To maintain for the School Sports Gold Mark.
2. To increase the timetabling of outdoor PE activities for pupils across the school
3. To increase participation in physical activities during play and lunchtime
4. To review the physical education curriculum.

5. To maintain and further links with other schools through PE and sporting competition.
6. To increase awareness amongst the children of the dangers of obesity and other conditions that undermine children's health.
7. To increase opportunities for competitive sports for all children.

Forecast Funding for 2019 – 2020

The school is expected to be allocated around £17000. The aim will be to maintain the School Sports Gold Status in a bid to be able to work towards Platinum (schools must hold Gold for three consecutive years).
